

PRODUCT INFORMATION

COMPOSTABLE

Our compostable caddy liners in all standard sizes that can support food & garden waste management strategies. Manufactured from Ecopond® biodegradable plastic, using starch and lactide-based derivatives of plant sources, these products are fully compliant with the European composting standard (EN13432).

Products fully decompose within the normal 6-10 week composting cycle into biomass, CO2 and water, with no harmful residue.

We have improved our compostable product range with the introduction of a compostable re-order ribbon within the bag rolls. With mandatory food waste collections being introduced in the next 5 years, this new yellow ribbon is designed to make the re-order of liners for household collections an easy and efficient process. Each roll is wrapped in compostable film to protect & preserve.
